

Business Case Questionnaire

Helping RegDesk build your tailored cost savings estimate in Regulatory Information Management

The following questions help our team understand your current regulatory operations so we can estimate the potential cost savings from adopting a Regulatory Information Management (RIM) solution. All information is kept strictly confidential and used exclusively to build your personalized business case. Estimated completion time: 15–20 minutes.

COMPANY INFORMATION

PLAN COMPANY NAME BUILD TRACK MAINTAIN	PRIMARY CONTACT
TITLE / ROLE	DATE COMPLETED
# OF COUNTRIES (REGISTERED OR PENDING)	# OF PRODUCTS IN PORTFOLIO

Confidentiality Notice: All information provided in this questionnaire is treated as strictly confidential. Data will be used exclusively to calculate your organization's personalized cost savings estimate and will not be shared with any third parties.

WHAT RIM FUNCTIONALITY IS OF MOST INTEREST TO YOUR TEAM?

Check all that apply

☐ **PLAN**

Regulatory Intelligence and Standards Monitoring
Monitor regulatory changes, create global regulatory plans, manage standards assessments.

☐ **BUILD**

Collaborating on Deliverables, AI Submission Building
Coordinate deliverables, build AI-assisted submissions, manage GSPRs and Declarations of Conformity.

☐ **TRACK**

Source of Truth for Submission and Task Status
Centralize registration status, report generation, stop-ship alerts, and audit-ready data.

☐ **MAINTAIN**

Change Control Workflow and Assessments Globally
Manage change control assessments across global markets with full traceability.

TOP REGULATORY PAIN POINTS

Describe up to 5 key pain points you are hoping a RIM solution can help improve.

#	PAIN POINT / CHALLENGE	IMPACT ON YOUR TEAM
1		
2		
3		
4		
5		

PLAN Regulatory intelligence, standards monitoring, and building global regulatory strategies.

Section 1 — Regulatory Intelligence & Monitoring

Time and effort spent tracking regulatory changes, legislative updates, and building global regulatory plans.

QUESTION	UNIT	YOUR ANSWER
1. How many people in your RA team perform regulatory monitoring?	# people	
2. Average hours per week each person spends on monitoring?	hrs/week	
3. How many new product launch regulatory plans per year?	plans/year	
4. Average hours per new product launch plan?	hours	
5. How many existing-product-to-new-country regulatory plans per year?	plans/year	
6. Average hours per existing-product-to-new-country plan?	hours	

Section 2 — Standards & Legislation Monitoring

Monitoring standards, legislation, and guidances — and completing assessments when changes occur.

QUESTION	UNIT	YOUR ANSWER
7. How many people monitor standards, legislation, and guidances?	# people	
8. Average hours per week each person spends on standards monitoring?	hrs/week	
9. How many standards/legislations/guidances change per year requiring formal assessment?	per year	
10. Average hours per assessment process (including coordination)?	hours	

TRACK Registration status, reporting, and stop-ship decision support.

Section 3 — Registration Status & Reporting

Managing registration status, stop-ship decisions, and generating reports for internal stakeholders.

QUESTION	UNIT	YOUR ANSWER
11. How many regulatory status queries/reports per month?	queries/month	
12. Average hours per report?	hours	

BUILD

Submissions, technical documentation, and managing deliverables with regional partners.

Section 4 — Submissions Management

Creating country-specific regulatory submissions and coordinating deliverables with regional partners.

QUESTION	UNIT	YOUR ANSWER
13. How many global regulatory submissions per year?	submissions/year	
14. Average hours spent coordinating deliverables per submission?	hours	
15. Average monthly revenue per product per market?	USD/month	
16. Estimated months a RIM solution could accelerate your time to market?	months	

Section 5 — Technical Documentation & Compliance Forms

Time spent creating and revising GSPR/EPC checklists and Declarations of Conformity.

QUESTION	UNIT	YOUR ANSWER
17. How many GSPR/EPC created or revised per year?	per year	
18. Average hours per GSPR/EPC creation/revision?	hours	
19. How many Declarations of Conformity created or revised per year?	per year	
20. Average hours per DoC creation/revision?	hours	

MAINTAIN

Change control workflows and global assessments to keep registrations current.

Section 6 — Change Control & Global Assessments

Coordinating and completing change control assessments across global markets.

QUESTION	UNIT	YOUR ANSWER
21. How many change control assessments per year?	assessments/year	
22. Average # of countries impacted per change?	countries	
23. Average hours per country-level assessment?	hours	

PLAN

RA team cost assumptions — used to calculate total cost of regulatory activities.

Section 7 — RA Team & Cost Assumptions

Used to calculate the total cost of regulatory activities across your organization.

QUESTION	UNIT	YOUR ANSWER
24. Average fully-loaded annual cost of an RA team member? (salary × ~1.3)	USD/year	
25. Average productive working hours per year per FTE? (typical: 2,000–2,400)	hours/year	
26. How many RA employees (full-time) does your company have?	# FTEs	
27. How many RA contractors or consultants do you use?	# FTEs	

ADDITIONAL NOTES

Use this space for any context that may help us build a more accurate picture of your regulatory operations.
