MCP Backend Query Result

Saudi Arabia (SAU) is marked **verified** in the RegDesk backend, but the MCP server returned **no tile content** for any of the 121 tiles across all modules (Obligations, Common Regulations, Devices, Classification Rules).

What MCP did return:

- Agency: Saudi Food & Drug Authority — sfda.gov.sa | MD.RS@sfda.gov.sa | +966112038222
- Manufacturer definition (general text — not tile-level content)
- Classifications: Not populated

Note: Absence of tile content ≠ data doesn't exist. It means content has not yet been published/served by the MCP backend for this country.

Gap by Module
